INTRODUCTION

In 2020, Doig River First Nation ("DRFN") and the Peace River North Board of Education signed its first Local Education Agreement ("LEA" or "Agreement"). This agreement was an important mechanism intended to increase mutual accountability and promote a meaningful relationship between DRFN and School District #60. This renewal signifies our shared commitment to support DRFN student achievement, build on our successes and further seek opportunities for improvement. Local Education Agreements are part of the commitments from the *Declaration of the Rights of Indigenous Peoples Act (DRIPA)* that seeks to align provincial legislation and policies with the *United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP)*.

The purpose of this Agreement is to establish shared and individual responsibilities in the education of DRFN students. The Parties will reconfirm their commitment to helping DRFN students reach their highest potential. The terms of this Agreement reflect the *BC Tripartite Education Agreement between Canada, British Columbia, and the First Nations Education Steering Committee* to support DRFN student success.

Our Dreams for the Children of the Doig River First Nation are:

Our dream is for our children to have a strong sense of cultural identity, pride in themselves and their community as they achieve high school graduation with the credentials needed for their future goals.

~ Chief and Council, Doig River First Nation

My dream for the children of our nation is to gain higher education, to move from simply surviving to thriving! I want students to realize their full potential and understand that they can succeed. Our Elders felt the effects of the Day School era and because of their experience, our children have a chance for a healthier educational experience. Our Elders paved the way for our younger generation.

~ Stephanie Attachie, Doig River First Nation Parent

My dream for our children is for them to have a positive and inclusive experience within the School District so they may pursue every opportunity available through academics, sports, fine arts, culture and language that will provide them a strong foundation of skills and confidence for future endeavors.

~ Shona Nelson, Doig River First Nation Band Manager

My dream for the children of the Doig River First Nation is to have each and every one of them succeed at their best potential. They will graduate with a Dogwood Graduation Certificate, confidence, options and dignity.

~ Pat Jansen, Principal, Indigenous Education Center

My dream for the children of Doig River First Nation is that they graduate with everything needed to contribute to health and happiness and that of others. The time spent in our schools should help students build the strengths needed for the success they seek.

~ Helen Gilbert, School District No. 60, Trustee (Board Chair)

My wish for the Doig River First Nation students is that they continue to affect change and transformation in the worlds they walk. Their voices are calling for the examination of attitudes, beliefs and practices within the education system and moving forward transformational change.

BETWEEN:

THE DOIG RIVER FIRST NATION

(“DRFN”)

AND:

**THE BOARD OF EDUCATION
SCHOOL DISTRICT NO. 60**

(the “Board”)

(collectively, the “Parties”)

WHEREAS

- A. On July 1, 2018, the Province of British Columbia (the “Province”), the Government of Canada and the First Nations Education Steering Committee entered into the BC Tripartite Education Agreement (“BCTEA”), agreeing to work together to make systemic shifts to support successful educational outcomes of all First Nation students, regardless of where they live or are enrolled in school in British Columbia (“BC”), through the provision of high quality and culturally relevant elementary and secondary educational programs and services, and supported by funding that is responsive to unique needs of First Nation students, First Nation schools and communities.
- B. The parties to the BCTEA recognize Local Education Agreements (“LEAs”) as an integral part of the delivery of education services to First Nation students attending BC Schools, as they are an important mechanism for building relationships between First Nation communities and boards of education and schools to support improved First Nation student outcomes.
- C. The Parties recognize that the signing of this LEA is a step consistent with the Province’s commitment to adopting and implementing the *United Nations Declaration on the Rights of Indigenous People* and the Truth and Reconciliation Commission *Calls to Action* for reconciliation. In addition, the Parties agree that this approach intends to follow BC’s *Draft Principles that Guide the Province of British Columbia’s Relationship with Indigenous Peoples*.
- D. The Board has the authority, under section 86 (3) of the *School Act*, RSBC 1996, c 412, to enter into agreements with a Council of a Band as defined in the federal *Indian Act*, RSC, c. I-5, or the council of an Indian band established by another Act of the government of Canada, with respect to the education of First Nations students.

- E. DRFN, pursuant to its inherent jurisdiction over educational matters, has the authority and responsibility for the education of Students and desires to ensure its Students all have access to, and receive, quality education that is respectful and reflective of their unique culture and history.
- F. The Parties agree that the principals, teachers and other staff in BC Public Schools have a central and important role to play in the provision of quality education programs and services and in the implementation and effectiveness of a LEA.
- G. The Parties wish to enter into this Agreement to set out the terms and conditions regarding the purchase of education services by DRFN from the Board for its Students.

THEREFORE, the Parties agree as follows:

1.0 PURPOSE

- 1.1 The Parties agree that the purposes of this Agreement are to:
 - a) Confirm the mutual commitment of the Parties, and acknowledge the important role of Schools, to build a positive, effective, collaborative and constructive relationship to improve Students' educational outcomes and achieve high levels of Student success, graduation and transition to post-secondary education and training, or employment;
 - b) Set out the roles and responsibilities of the Parties and Schools to meet the purposes and objectives of this Agreement, consistent with the BCTEA; and
 - c) Serve as a core shared accountability mechanism for both DRFN and the Board regarding the education of Students in the School District.

2.0 GUIDING PRINCIPLES

- 2.1 The Parties will be guided by the following principles:

DRFNs Central Role in Indigenous Education

- a) Indigenous families and communities have the right to retain shared responsibility for the upbringing, training, education and well-being of their children, consistent with the rights of the child, and Indigenous peoples have the right to open and respectful communication with the School District for the educational benefit of their children.
- b) DRFN will encourage, help to advise and support Schools and departments in offering opportunities for learning the languages of the territory and appropriate cultural methods of teaching and learning.
- c) Together with the School District, DRFN has control of, and decision-making responsibility for the education of the children of their community and will enter into dialogue with the School District about areas of success and about areas requiring further attention or focus.
- d) DRFN has a central role in the education of Students', regardless of where they attend school.
- e) DRFN and the School District will collaborate to identify mechanisms and processes to involve and welcome Parents, who may be uncomfortable in the school system, so that they can feel accepted and be informed participants in their child's educational path.

DRFN Students Access to Quality Education

- f) Students, at all levels of education, must have access to educational opportunities that:
- i. are structured to support the growth, safety and unique needs of each Student;
 - ii. offer groupings within Schools and classrooms that promote a sense of belonging and inclusion;
 - iii. offer multiple opportunities for open communication so that Students may find their 'voice' and feel welcome to share their ideas and thoughts;
 - iv. ensure that they are confident in their self-identity, their family, their community, their traditional values, Dane-zaa Záágé? and culture of the Tsaa? ché ne dane;
 - v. support their transitions at all levels of education, including:
 - (a) first time entry at any grade level from the DRFN community;
 - (b) movement from elementary school to middle school;
 - (c) movement from middle school to secondary school;
 - (d) secondary school to life after Grade 12,

by utilizing programs and/or processes already in place, such as Learning Journeys or by creating processes designed to address arising needs.

- i. give them the skills they need to thrive in contemporary society, including 21st century technological skills;
- ii. prepare them to access any opportunities they choose for higher learning, employment and life choices; and
- iii. support them to develop a strong identity, proud of their culture and heritage.

Reconciliation & Collaboration in Indigenous Education

- g) Indigenous education in BC is highly complex, engaging federal, provincial and First Nation authorities, roles and responsibilities and, therefore, requiring collaboration and cooperation to ensure that all students are supported to achieve successful education outcomes.
- h) It is important to DRFN that the School District staff understand that the Tsaa? ché ne dane are recognized and affirmed as the original peoples of the land where the School District operates. An understanding of cultural protocols, historical timelines of land use and occupancy of the area will help teachers appreciate the importance of reconciliation and collaboration between the school system and the original peoples. DRFN is committed to supporting this understanding through respectful conversation and learning from one another.
- i) The gap in educational outcomes between Indigenous students and non-Indigenous students is a persisting legacy of colonialism, and concerted efforts and proactive measures are required to eliminate this gap and contribute to reconciliation in education.
- j) The Parties have a shared interest and priority in supporting excellence in Indigenous education, including supporting Students to fulfill their educational potential by having access to and receiving quality education that is respectful and reflective of their unique culture and history.
- k) Strong, effective and inclusive educational systems provide a fundamental opportunity for building relationships and advancing reconciliation between the Crown and Indigenous peoples, as expressed in the TRC's Calls to Action and the UN Declaration.

- l) Quality Indigenous education includes standards, programs, services, school supports and investments that provide appropriate tools and resources aimed at achieving successful Student outcomes and achievements, while addressing their unique needs.
- m) School District #60 will continue to work collaboratively with DRFN to develop curriculum, materials and resources that meaningfully reflect Tsaa? ǵhé ne dane culture, values, language and traditions, as outlined in all curriculum materials in the revised BC Curriculum advised by the FNESE. Each School District classroom will offer experiential learning opportunities to Students, as Students will regularly participate in 'hands on' learning to acquire skills taught by their community. It is expected that experiential teaching will increase chances of school success for Students and should be encouraged in School District classrooms.
- n) Students will be encouraged and celebrated for including elements of Tsaa? ǵhé ne dane culture within the regular curriculum. For example, an experiment on the effectiveness and use of traditional medicinal plants for a School District science fair exhibit or a written piece on the history of land use by Members as a required geography assignment, or an oral retelling of an ancient story from the Tsaa? ǵhé ne dane people for an English assignment requirement. In the School District, Students should be encouraged to personalize their learning in relation to the assignments in various curriculum areas. This practice would convey an attitude of acceptance and celebration of culture.
- o) LEAs are an important mechanism to facilitate relationship-building, from negotiation through to ongoing implementation.
- p) The standards set by the UN Declaration apply to Indigenous education.
- q) The TCR's Call to Action set out a framework for reconciliation, including with regard to Indigenous education, that must inform the relationships and collaboration between First Nations, the Province and boards of education.

Parental Choice

- r) The BC School Act sets out a process for a First Nation to designate which school First Nation students living on community, on self-governing First Nation lands or Treaty lands are entitled to attend. The Act acknowledges the importance of providing educational opportunities that align with the preferences and needs of DRFN students and families. DRFN and the School Board will work towards establishing a specific date by which DRFN will designate their preferred school. It is important to note this designation is optional and does not impact other existing school choice arrangements DRFN parents/guardians had made with the Board of Education (BC School Act).

DRFN Student Safety

- s) Students have a right to feel safe at School, including safety from Discriminatory Harassment from other students, staff and contractors.
- t) The Parties agree to develop and implement a robust investigation process to address acts of Discriminatory Harassment experienced by Students. The School Districts current policies may not meaningfully address DRFN community specific issues, such as Discriminatory Harassment between Students and non-Indigenous students, or between Indigenous students from different families or Indigenous communities.
- u) The Parties agree that the investigation process referenced at Section 3.1(u) will ensure that Students who report any Discriminatory Harassment to School personnel feel safe and protected from reprisal, including any discrimination, retaliation, threats or harassment.
- v) The district is committed to enhancing cultural competency, specifically addressing the needs of the Tsaa? ché ne dane community. To this end, we will implement continuous cultural competency and anti-racism training for all educators, administrators, trustees, and staff. This ongoing training will cover Indigenous history, culture, and contemporary issues, with a focus on recognizing and addressing biases and privilege. By fostering a deeper understanding and respect for Indigenous perspectives, we aim to create a more inclusive and equitable educational environment for DRFN students.

Shared Accountability and Data-Sharing

- w) LEAs are more than a mere financial transaction and serve as a core shared accountability mechanism for both DRFN and the School District regarding Indigenous education in the BC Public Schools.
- x) Timely and relevant data is required to inform decision-making to support Students. The executive staff member, responsible for Indigenous education, will organize no less than three informational meetings per year with DRFN representatives to share relevant data regarding academic achievement, attendance and special education enrolment.
- y) The School District will consistently use the Assessment Dashboard to monitor the progress of all Students in an attempt to be proactive, both in celebrating successes and addressing issues.

3.1 The Board agrees to:

- a) Ensure that Students have equitable access to educational programs in the School District, and to continue to strive towards high levels of Student success in educational programs;

 - i. *Geography*: Use of traditional names for geographical locations within DRFNs traditional territory;
 - ii. *Environmental Studies*: Incorporate cultural land use planning and wildlife management historically used by Members,
 - iii. *Biology*: Incorporate Traditional Ecological Knowledge, such as healing and medicinal plants, and traditional names;
 - iv. *Social Justice/Social Studies*: Incorporate and discuss stories of first contact in DRFNs traditional territory, as told by Members and fur traders and how they may differ.
- f) Promote the offering of, and enrollment in, BC First Peoples 12, Indigenous Studies 12 and Learning from Our Elders 11&12, or any successor courses for all students. It is understood that all English 10, 11 and 12 courses will include narrative, expository and poetry texts that present the Indigenous experience in the local area, BC and Canada to enable Students to 'see' themselves reflected in the materials in their coursework;
- g) Promote the exploration, creation, offering of and enrollment of Dane-zaa Záágé? language courses in line with the Ministry's mandate to develop new Indigenous history curriculum, develop full-course offerings in Indigenous languages and to implement the educational Calls to Action, which includes taking the necessary steps for program development, teacher training, professional development, and appropriate consultation with Indigenous communities and Indigenous language learning educators and experts;

- h) Support principals and teachers in effectively delivering educational programs referred to in Sections 3.1 (b), (c), (d), (e), (f) and (g);

- o) Spend Targeted Indigenous Education Funds on Indigenous education programs and services identified through the direct involvement of DRFN and representatives of the Indigenous Education Council working with School District staff to support the success of Students. Indigenous Education Councils (IECs) are responsible for approving the planning, spending, and reporting of Indigenous Education Targeted Funding. This approval process ensures that IEC members are involved in decisions related to the funding of programs and supports for Indigenous students. Any underspend of Targeted Funding also falls under this process (Province of BC, Order of the Minister of Education and Child Care, School Act, Ministerial Order No. M217,
- p) Endeavor to find appropriate Indigenous or non-Indigenous mentors for Students who are enrolled in the Career Life Connections 12 course; and
- q) Endeavor to ensure that Students are armed with the competence, confidence and an understanding of the steps required to apply for post-secondary education, safety and job training programs and securing employment in a job or profession that embraces their passions, interests and talents.

- f) Subject to receiving Tuition Funding from ISC, pay the Board the Tuition Fees received from the federal government as agreed to and set out in this Agreement; and
- g) The DRFN will develop a template in collaboration with the administrative trustees of the DRFN Permanent Trust that will enable Students to thoughtfully complete a plan for their developing financial literacy by linking their life goals with funds derived from claims settlement.

- a) Updated;
 - b) Revised; or

c) Concluded, where it is determined that the Student no longer requires an IEP.

8.9 For greater certainty, the Parties agree that an IEP will only be put in place under Sections 8.1 and 8.2 and it will only be updated, revised or concluded under Section 8.8 where the prior Informed Consent of the Parent has been obtained.
